"If it happens, it's in
THE HERALD."MODERN MOSES
WANTED IN ZIONSome One to Lead Fans Out of
Wilderness.WILL WE HAVE BASEBALL?
FOR COMING SEASON.AS YET NOTHING IS IN SIGHT
FOR COMING SEASON.

Wanted—A modern Moses. Must be well posted on the national game of baseball. One who has plenty of money which he is willing to sacrifice in the interest of the sport. Must be willing to stand the knocks of the disgruntled ones and whose sensibilities are such that a roast, when his team is defeated, will not in the least affect his temper. Should be liberal with annual passes and easily touched for a five or ten spot by a ball player who has overdrawn his salary. The above individual can find a life job by applying to the Salt Lake fans.

In the hopes that some person might be found who would awaken the Salt Lake baseball-loving public out of its present torpor and give them a touch of the national game as it should be, The Herald has been induced to publish the above advertisement. Replies can be sent, care of the sporting editor, who, in turn, promises to publish the photo of the first person who applies for the job, backed by letters of credit and certificates of good standing in the community.

The outlook for the game in this state certainly does not look good at present and there seems no way out of the difficulty. For some time it was hoped that this town, as well as Ogden, would get a berth in the Pacific Northwest league, but this seems out of the question at the present time. To an observer it looked as if the present war between President Lucas' league and the one run by Sam Harris in California would be settled long before this time, but these two warriors apparently have just begun to fight.

Talk of a Two-Team League.
Press dispatches received from the coast give the movements of the two factions, and both are busy now in the hardest kind of a baseball war. Both Lucas and Harris claim it is war to the finish, and unless they soon stop it certainly will be the finish of baseball on the Pacific coast. Thousands of dollars are being sacrificed toward gaining the end sought by the warring magnates, which would go a long way toward giving the public legitimate baseball. All this must stop some day, but when? From all indications the finish will come too late to save Lucas and Ogden any good, which is the chief interest fans in this part of the country have in the fight.

Meanwhile there is talk of forming a Salt Lake and Ogden two-team league. While this is not as good as the town deserves, yet if it is the best we can get The Herald is willing to help the sport along. In order to do this some one must come forward with money, and that right soon. Ogden has the nucleus for a good team, but this town will have to get several players from the outside before baseball can be put up that is worth anything.

Will some one please step in and do something?

REGALS HAVE REORGANIZED.

Some Talk of Organizing a State Amateur League.

The Regal baseball team has been organized again for the coming season and the members say they will have one of the strongest, if not the strongest amateur team in the state. Last season they played during the latter part of the year under the name of the Calders, and as such completed the year with a good record, having played in all thirty-two games and losing but four. The team has not secured grounds for this year, but will try to secure either Calders' or Walker's field to play their Sunday games.

The Regal aggregation is very much in favor of organizing a state amateur league, to include the Live Oaks of Bingham, Ontarios of Park City, Ogden amateurs, Fort Douglas and the Regals, which looks as if there might be something doing in the amateur baseball line this year. It is understood that professional ball players will be barred from all of these teams.

Baseball Injunction at Los Angeles.

Los Angeles, Cal., March 14.—Judge Conroy of the superior court has granted the temporary injunction prayed for by Manager James Morley of the Los Angeles baseball club restraining the Los Angeles Improvement company, which controls the chutes and grounds, from interfering with Morley's use of the grounds under the terms of his text. The order to show cause why the injunction should not be made permanent is made returnable Friday of next week.

This action prevents any further developments in the contest over the lease held by the local club on the chute grounds until the question is legally decided. The game scheduled for tomorrow between the Chicago Nationals and the locals will be played as scheduled.

Lucas Must Be Busy.

San Francisco, March 14.—The National baseball club of San Francisco was incorporated today by Milton L. Schmitt. Its capital is \$100,000, of which \$100 has been subscribed. The directors are H. B. Hopkins, John B. Coleman, Harry J. Hart, Sydney Hat and Milton L. Schmitt. They are all of this city. Schmitt is an attorney, and it is said that he formed the organization at the instance of the Seattle and Portland ball players who recently announced their intention of invading the local field.

Park City Baseball Players Wanted.

Park City, March 14.—Today William Waters and H. Vannicle received offers from the Northern baseball league to play with the Fargo team. Mr. Waters is wanted to help form the pitching staff and Vannicle to do the catching. In all probability both men will accept the offer.

Soldiers Organizing Baseball Team.

The members of the last year's Fort Douglas baseball team are busy reorganizing the team again for the coming season. They say they will play nothing but amateur teams and will soon be in shape to meet any aggregation of this kind in the state.

Dugdale to Stay at Seattle.

Portland, Ore., March 14.—D. E. Dugdale, who, with W. H. Lucas, arrived in this city today from San Francisco, tonight denied the report that he contemplated leaving Seattle to accept the management of the San Francisco baseball team.

STANDING OF THE
LEAGUE BOWLERSAverages and Records of Teams
and Players.

SCHEDULE IS COMPLETED

FULL LIST OF HIGH SCORES
COMPILED BY HERALD.

The first annual series of games of the Salt Lake Bowling league came to a close the past week, with the Brunswick team as the winner by a narrow margin over the Harmonies, while the other two aggregations of bowlers were busy fighting it out for the last place. The league was organized somewhat as an experiment early in the season, and it proved a success in every particular, the interest being kept at a fever heat until the last frame of the ninety games was rolled. Bowling as a sport became popular for the first time in Zion this year, and when the league was first introduced it was hard work to find players good enough to compete, but when the season closed several fairly good men had been developed and the size of the scores were on the constant increase.

The race for first place between the Harmonies and Brunswicks was a remarkable one, and it took the last series of five games to decide the winner. Among the individual bowlers, Goddard heads the list with an average of 170.9-45. However, the Railroad men only competed in half the games and the season before the season was over, and it may be that the league will not award him the high individual prize on this account. G. Smith of the Brunswick team competed in seventy-eight of the ninety games bowled by his team and finished in second place with an average of 168.44-78. Bauer, of the Harmonie team, who stood in the third position with an average of 167.42-90 was the highest man among those who competed in every game played by his team. His showing is therefore the best of any of the players, as in making his score he took the off nights, bad alleys and bad pins as they came.

G. Smith made the highest individual game record of the league series with a score of 259 on the Elks' alleys on Feb. 17. Sam Spitz, of the Harmonie team, holds the record for the best evening's performance with a total of 973 points for five games, bowled in the series against the Brunswicks last Friday night. The Harmonie team's score of 2,496 points with four men in five games, also made last Friday night, was the highest average made by any team during the season in a single series of games.

In compiling the players' averages for the season The Herald has only taken into account those who have played in more than ten games during the series. This is done because many players were substituted for one, two or five games during the season, and while some made good scores for that number of games, others were very low and it would not be fair to compare these players' work with those who bowled the season through, or at least approximately.

HOW TO SCORE TEN PINS.
Information of Use to Those Just Learning How to Bowl.
Sporting Editor Herald:
Kindly explain the system used in counting tenpin scores in tomorrow's issue.
A SUBSCRIBER.

In playing the game, ten pins are placed on the alley and two balls are allowed to each frame, or turn at bowling. If the ten pins are all

Brunswick Bowling Team.

The Brunswick bowling team won the Salt Lake championship in the league season just closed, and thereby secured the handsome Brunswick-Balke-Coller trophy. The team secured a total of 56,569 points in the 360 games played, or an average of 157.107-360 for each man, which is considered good work in this number of games. The photos of the players composing the team are published herewith, the names being as follows: McLeod on the left, G. Smith on the right, Ausherman standing on the left and Zimmerman standing on the right.—Photo by Fox & Symons.

knocked down on the first throw in each frame, it counts ten in addition and all that are made in the next two trials. This is called a strike. If the ten pins are knocked down in two trials, it counts ten on that frame in addition to all the pins that are secured on the next ball. This is called a spare. If all the pins are not knocked down on the two throws, then one point only is counted for each pin knocked down. Ten frames, or twenty balls in all, constitute one game. If on the last frame a strike is made, two more balls are allowed; if a spare is made, one more ball is allowed. Thus it will be seen that a score of 300 is possible by making a strike on each of the ten frames and the two additional balls at the end.

SHORT LINE BOWLERS MEET.

Hess Secures an Average of 172 For the Five Games.

A match game of ten pins between two picked teams from the Oregon Short Line pulling was bowled at the consumer alleys yesterday afternoon. Several good scores were made which equaled many of those made by the league bowlers. F. N. Hess rolled a total of 890 points for the five games, giving him an average of 172 for the series, which was the high score. The following are the scores:

PISTOL CLUB FORMED

Rifle Club Decides to Put in Targets in Addition to the Present Ones at Rifle Range.

An opportunity has at last presented itself which should do away with all time. That is, every one will have a chance to learn how to shoot a pistol to such a degree of perfection that it will be unsafe for a highwayman to get inside of the same town with this person. It is up to the citizens of the town now whether they will grasp this opportunity of learning how to protect themselves.

The Salt Lake Rifle club announced yesterday that it would organize a pistol club in addition to the rifle club for the benefit of those who wished to become proficient in the art of handling Sam Colt's equalizers. The members of the club have been approached of late by many who did not care to practice their shooting on the range, but who wanted some place to burn up revolver ammunition. This led to action on the part of the club members yesterday, which resulted in the formation of a pistol club. The club will have a regulation pistol target will be erected at the rifle range at once and all necessary arrangements made so that both rifle and pistol shooters can practice at the same time. Pistol shooting as a sport has become very popular throughout the east in the past few years, and it is thought it will go well in this city.

Tacoma Team All Right.

Tacoma, Wash., March 14.—A meeting of all the stockholders of the baseball company was held this evening. Reports of officers showed no debts, and besides the cash on hand, an assessment was ordered levied for \$750, payable next week, besides which President Carman states that in view of the coming baseball war, \$15,000 additional is available if required to hold Tacoma's end up. Manager Byron McKibben announced that his team would report here March 25 for training purposes, and that he had signed twenty-seven players, including nine pitchers, eight outfielders, four catchers and five infielders, some of whom are said to be for other clubs of the Pacific Northwest league.

Monte Carlo Chess Results.

Monte Carlo, March 14.—In the eleven second round of the international chess tournament today Wolf beat Mieses, center counter gambit, in twenty-five moves; Tschann beat Mason, queen's gambit declined, in sixteen moves; Maroczy beat Marco, Sicilian defense, in thirty-one moves; Pillsbury beat Taubenhaus, queen's gambit declined, in thirty-six moves; Tarrasch beat Reggio, English opening, in twenty-six moves, and the game between Albin and Marshall was adjourned.

Jim Corbett's Brother Signed.

San Francisco, March 14.—Manager Morley of Los Angeles has signed Joe Corbett at one of the largest salaries ever paid a ball player. The contract is for \$5,000 and stipulates Corbett shall not pitch more than one game a week for thirty-six weeks. It is also agreed Corbett shall keep in touch with his business in this city when not twirling for his team. This means Corbett will receive nearly \$140 for every time he steps on the field.

Cambridge Beats Oxford.

London, March 14.—Cambridge university athletes won all of the ten events in which they competed against the London Athletic club at Cambridge today. There were no notable accomplishments, but the victory of the university men tended to confirm the impression prevailing that Cambridge will beat Oxford at the annual intercollegiate athletic sports March 28.

Columbia Runner Wins.

New York, March 14.—After a driving struggle in the last fifty yards between Taylor of Columbia and Gill of Pennsylvania, the Columbia runner finished first by six inches in the two mile intercollegiate team relay race at Madison Square garden tonight.

New California Golf Champion.

San Francisco, March 14.—C. E. Maud of Riverside is the champion golf player of the Pacific coast. He easily defeated H. C. Golcher in the finals today, the score being 5 up and 6 to play. Northern California won the team match by defeating Wilson 2 up.

Chase Goes Some on Motor.

London, March 14.—F. W. Chase beat all motor cycling records from six to ten miles at Cannington today, completing ten miles in 12 minutes 56.4 seconds.

GOOD SPORT IN SIGHT.

Sauer Has Called the Gibbs-McCarthy Bout Off.

Billy Sauer said last evening that he had something good up his sleeve in the way of a boxing match which would surprise the local ring followers as soon as it was announced. He said he had given up the idea of bringing Gibbs and McCarthy to Salt Lake, as he did not think it would make a good match. McCarthy was expected to defeat Dunn at Butte last Thursday night, but the best he got was a draw. Then, again, reports are being circulated about Gibbs having such a good fighter that Sauer thought it best to drop the match.

Billy says he will not pull off anything but the best, and has, therefore, given up this match. Perhaps it is just as well, as the match in question might end in a fizzle that would undo all the good the sport received from Sauer's last successful contest. It might be well to add herewith a letter received by the sporting editor of The Herald about this match from one who knows the sport from A to Z. He says: "I note there is some talk of putting Gibbs on for a match. Now, I don't think it is an extra from a knocker, but I wish at all times to protect the sport as far as possible. I want to see the game go, and wish to say that in placing Gibbs on, Sauer is taking long chances. Look over Gibbs' conduct in the last few fights and see what he has done. He stopped fighting in Seattle by raising a rough house and was right, while the referee who called a foul on him. His fouling La Fontaine was deliberate, and left a bad impression on the sport in Butte. He saw that Mose was going to put him out and preferred to lose on a foul." The above is an extract from a letter written by one who saw the contest, and, taking these things into consideration, it is just as well that the match has been called off.

LOOKS LIKE A JOB.

In All Probability Jimmy Britt Was Jobbed at Portland.

Evidently that was a hot bunch that was handed to Jimmy Britt by the Portland sports last Monday night. The day after the fight the holders of the winning tickets on the contest were a unit in their declaration that the decision giving O'Keefe the fight on a foul was right, while the rest of those who saw the contest are of the opinion that the whole thing was a job pure and simple. A Dr. Fenton, who examined O'Keefe at the ring side, would not give an opinion as
